The Falls Club of the Palm Beaches

The Course

Challenge and beauty are the hallmarks of our Club's 18-Hole championship golf course. South Florida's "Best Kept Secret Oasis" is privately nestled on our unobstructed 170 acres and was originally designed by Gentleman Joe Lee.

The Falls Club of the Palm Beaches provides Tifway Bermuda grass on our tees, fairways and roughs and upgraded to pristine Mini-Verde greens by Kipp Schulties in 2007. This smooth and fast, luxurious green surface ensures that the course is challenging, but fair for golfers of all handicaps and skill levels.

For our members we have, the famous "Snack Shack" Pavilion. Located between the 1st and 10th tee boxes it is always stocked with complimentary snacks and chilled refreshments.

The practice facilities and driving range are just steps away from the Golf Pro Shop where our Professional Staff is ready to find you a group, a caddy for your round or a lesson to improve your enjoyment of the game.

About Our Charity

The primary goal of WIP is the education, training, and certification of pain physicians. Directed donations to WIP are used to benefit physicians and their patients in under-developed and developing countries.

Disparities among countries that are less economically developed necessitate unique alliances with individuals and groups to create opportunities for pain physicians in those countries to receive the best education and training in order to make a real impact on patient care delivery and outcomes management.

No matter the size and number, ...we will be able to offer a near standard of pain care to large volumes of patients with chronic pain conditions in this part of the world where requisite health facilities are absent due to serious government failure," said Dr. Zakari Suleiman, of Nigeria regarding a donation of equipment and materials.

WIP Outreach Program to solicit the donation of surplus radiofrequency and Cryo devices for refurbishment by partnering durable medical equipment engineers for donation to qualified and selected pain centers of developing and under-developed countries.

Dr. Zakari Suleiman, MBBS,

FWACS, FIPP of Nigeria

Earned FIPP certification in 2013; aided by a scholarship. His Palliative Care and Rehabilitation Medicine Department of Ilorin Teaching Hospital in Kwara State received equipment and materials donations aided by the WIP network.

Dr. Suleiman with Dr. Allen Burton of Houston Pain Centers (USA)

Seminar in Tbilisi (Georgia)

Georgia is a tiny, former-Soviet state where poverty is endemic; currently a member of the United Nations and a USAID Country Development program beneficiary. In 2005, average monthly income was equivalent to \$200 USD.

WIP World Congress scholarship and gift membership recipient

Dr. Nanuli Ninashvili, MD

Assistant Professor, Tbilisi State Medical University - Public Health Department & Chief Specialist at National Center for Disease Control and Public Health Georgia

Research and evidence shows serious gap in pain management knowledge in under-developed and developing countries...

Better pain education and training for physicians, better pain relief for patients → throughout the world.

The World Institute of Pain is a non-profit California Public Benefit Corporation, exempt from federal income tax under Section 501(a) of the Internal Revenue Code as an organization described in Section 501(c)(3).
